ABOUT ME

Motivated and detail-oriented Software Engineering student with strong problem-solving and programming skills. Passionate about developing efficient, scalable, and innovative software solutions. Quick learner with a strong interest in modern web technologies and cloud platforms. Eager to apply technical knowledge to real-world projects and gain hands-on industry experience while contributing to team success.

PERSONAL DETAILS

- Name in Full : Nadun Demiththa Nanayakkara
- Date of Birth : 2003.08.07
- N.I.C No. : 200322000651
- Civil Status : Unmarried
- Gender : Male
- Nationality : Sri Lankan

LANGUAGES

- Sinhala
- English

SOFT SKILLS

- Programming (Java, Python)
- Web Development (HTML, CSS, JavaScript, React)
- Cloud Computing (AWS)
- Database Management (MySQL)
- Version Control (Git, GitHub)

WORK EXPERIENCE

- **Junior Software Engineer Aplicy — Mount Lavinia, Colombo**
Jul 2024 – Present

Currently working as a Junior Software Engineer at Aplicy, where I develop and maintain web applications using modern technologies. I primarily work with React for front-end development and handle API integrations to ensure smooth communication between systems. I collaborate with team members on various software projects, while also debugging issues and optimizing application performance to improve user experience.

- **Graphic Designer (Part-time) Aplicy — Remote**
Jun 2024 – Present

In addition to my engineering role, I work as a part-time Graphic Designer at Aplicy, creating digital graphics and marketing materials. I design social media content and branding assets while working closely with clients to understand their requirements and deliver visually appealing designs using tools like Adobe Photoshop and Illustrator.

- **Graphic Designer (Internship) P.S.K Advertising Service**
— Nuwara Eliya - Jan 2024 – Jul 2024

I completed my internship as a Graphic Designer at P.S.K Advertising Service, where I assisted in creating promotional materials, advertisements, and branding designs. During this period, I gained hands-on experience in logo design and supported senior designers in various

PROFESSIONAL QUALIFICATIONS

- **Higher National Diploma in Computer Software Engineering**
Nebula Institute of Technology - Jul 2024 – Present

Currently pursuing a Higher National Diploma in Computer Software Engineering, where I study both core and advanced concepts including programming, web development, database systems, and software project management. I actively participate in coding clubs, group projects, and technical workshops, gaining hands-on experience with modern development tools and technologies while improving my problem-solving and teamwork skills.

- **Certificate in Applied Information Technology**
Nebula Institute of Technology - Mar 2024 – May 2024

Completed a Certificate in Applied Information Technology with a Grade A, focusing on practical learning in MS Office, Adobe Photoshop, and Microsoft Power BI. This program strengthened my knowledge in office productivity, basic graphic design, and data analysis and visualization.

- **NVQ Level 4 – Computer Graphics**
Technical College Nuwara Eliya - Jul 2023 – Dec 2023

Completed NVQ Level 4 in Computer Graphics, where I developed skills in graphic design and visual communication, gaining practical experience in industry-standard design tools and techniques.

- **Certificate Course in English - Jul 2023 – Jan 2024**
Uva Wellassa University of Sri Lanka

Completed a Certificate Course in English for school leavers, improving my communication skills, grammar, and overall proficiency in English.
